## Weekly Curriculum Guide

### Math:

We will learn about repeated addition with arrays. We will also do some problem solving by using patterns.

We will take a subtraction timed test on Thursday. We will have 10 minutes to complete the test. Be sure to complete the POP nightly!

### Social Studies:

We will review for our 1<sup>st</sup> Social Studies test. The test is scheduled for October 16<sup>th</sup>. A detailed letter and their Social Studies book will be coming home this Wednesday.

### Language Arts:

In Reading we will complete our activities with Johnny Appleseed. We will not do a regular reading unit this week.

In Language we will review types of sentences – command, exclamation, statement and question. We will also review subjects and predicates.

In Foundations we will review what we have learned up until this point in the year. There will NOT be a fun packet to work with this week.

Read 20 minutes nightly

## Additional Information

### Happy Birthday

Please remember to pack a **healthy** snack for your child. Fruit, granola bars, vegetables, crackers, etc. are all good choices. Thank you for your help in this matter!

Please be sure to schedule yourself for a conference online. If you are unable to make it to either of the conference dates, please let me know and I can find another day and time that we can talk about your child's progress this year. I do like to meet with every family. Thank you for your help in this matter!

Please be sure to have your child practice writing their address and phone number. We will be having our quarterly quiz next week.
